The Sedum Spa is available to use throughout your stay with us during Spa opening hours. To avoid overcrowding with big groups, we operate a system whereby groups of more than 4 are asked to select and pre-book a 2 hour time slot for each day of their stay, during which all of their group can use the building and facilities at the same time. At all other times, there must be a maximum of 4 persons from their group in the building at the same time. Spa slots must be booked prior to arrival and will be arranged on a first come, first served basis. Please note that booking Spa slots does not guarantee exclusive use of the Spa, it is purely a guide for other guests.

## Medical Questionnaire

*Should you or your guests/party have any medical conditions, which may prevent you from having treatments, we advise you to speak to your GP before you arrive at The Sedum Spa. A doctor's note may be requested to clear any person with a known condition for treatments. All guests are required to complete a medical questionnaire before having any treatments.*

## Arrival

*Please arrive 15 min before your treatment and ensure that you bring appropriate swimwear as you will need to make your way from the changing rooms to the treatment rooms via the pool area. Please pick up a towel and gown before getting changed.*

## Cancellation Policy

*To avoid being charged 100% of the treatment cost, appointments must be cancelled at least 4 days prior to the treatment time.*

## Permissible Guests

*The spa is a shared facility for guests of Woodlands Retreats. If you are not a guest of Woodlands Retreats staying at one of our properties but have friends or family who are, it may be possible for you to use the facilities with prior consent and advance booking with us, but please contact us before you arrive to avoid disappointment.*

## Treatments

*Treatments will take place in one of our four treatment rooms located in the Sedum Spa by a therapist that is experienced, fully trained and insured. Each room is private and will provide a tranquil environment for your therapy. Before your therapy, please wait in the seating area surrounding the pool and the therapist will come and find you. Please do not go in search of the therapist as you may inadvertently disturb someone else during their treatment. You will then be asked to complete a short questionnaire before the treatment begins.*

## Children At The Spa

*Children are welcome at the Spa during all opening hours. We do however ask that a quiet, tranquil atmosphere is retained at all times apart from the two 'noise allowed' periods each day which are 8-9am and 4.30-5.30pm. These periods allow the kids to splash around and not have to worry about others. If you are part of a larger group of more than 4 people wanting to use the spa at the same time, as noted you will need to book a 2 hr slot for your group each day. Other groups will naturally avoid your booking slot and it is more likely that you will have the pool area to yourselves. If this is the case and you are the only ones in the building, then you can make noise & splash around, if not we do ask that you maintain a quiet atmosphere. These rules are designed with the aim of meeting everyone's expectations when staying with us. You will often find yourselves the only ones in the building and in which case noise is permitted at any time. However, if there are other people present, please adhere to the rules.*

## Towels & Robes

Towels & Robes are made available for guests to use, and these can be found in the changing facilities. Please do not bring the towels that are provided for you in the properties over to the Spa. We respectfully ask that one towel is used per person to ensure availability for all and to ensure that we do our own little bit for the environment.

## Building & Pool Rules

A comprehensive list of the pool area rules can be found at the Spa in the lobby area, and we would ask that all users of the pool read and adhere to them at all times. One of the most important rules that encompasses a lot of the others is the requirement that at all times the tranquillity and peaceful environment of the building is respected and adhered to. This would include no running, shouting, talking overly loudly or disrespectful behaviour. Parents and guardians will be expected to ensure that their children adhere to this policy. Anyone found to be in breach of the above will be politely asked to modify their behaviour, and failing that may be asked to leave the building. The pool is only 1.2m deep and therefore jumping or diving is strictly forbidden at all times for your own safety.

## Arrival

Please arrive 15 min before your treatment and ensure that you bring appropriate swimwear as you will need to make your way from the changing rooms to the treatment rooms via the pool area. Please pick up a towel and gown before getting changed.

## Valuables

We strongly recommend that you leave any valuables at home, and we cannot be held responsible for any loss incurred.

## Drinks

There is a hot drinks machine available and an honesty box for payment so please bring some change. There are also chilled bottles of water available.

## Booking Treatments & Spa Slots

To ensure availability please book as far in advance of your stay with us as possible, but no later than 1 month prior to arrival. Treatments are popular so our Therapists can quickly become fully booked, especially on weekends, so we would strongly recommend booking Spa slots and treatments shortly after booking your accommodation. You can do this by emailing [gemma@woodlandsretreats.co.uk](mailto:gemma@woodlandsretreats.co.uk)
